		Es rubio*	----	----	
		castaño claro		un poco largo	negros
		café oscuro	un poco largo	muy largo	
		Es pelirrojo*	muy largo		

¹ All adjectives are in their male form, so you will need to change the ending to make them female.

² Hair in Spanish is “el pelo.” Because “pelo” is male you usually use the male form to describe hair.

*These adjectives have both male and female forms. The others don’t because they are describing hair or eye color, both of which are male gender.
